The Committee of the Privy Council have had
 before them a report dated 22nd August, 1966, from the
 Minister of National Defence representing:

That at a Special NATO Meeting on Problems of
 Financing of the Military Budgets and Infrastructure Programme,
 held 20 and 21 January, 1966, in Paris, agreement was reached
 on the cost-sharing of the NATO Common Infrastructure Programme
 for the years 1965 to 1969 (Slices XVI to XX) inclusive, under
 which Canada's contribution has been set at £12,500,000 toward
 a ceiling total of £228,000,000, or at about 5.45% in percen-
 tage terms;

That authority is required for Canada to contribute to
 the NATO Common Infrastructure Programme for the years 1965 to
 1969 (Slices XVI to XX) inclusive in a total amount not to
 exceed £12,500,000;

That in percentage terms, the Canadian contribution
 to the new Slice Group represents an increase when compared to
 the rate of 5.15% at which Canada contributes to Slices XII to
 XV (1961 to 1964), but as the ceiling for the new Slice Group
 is considerably less than that set for Slices XII to XV, the
 commitment is £1,000,000 less than the agreed commitment to the
 preceding group of slices; and

That as a result of the French initiatives towards
 NATO it may become necessary to amend the new cost-sharing
 formula, but in the meantime authority is required to permit
 contributions to be made to Slices XVI and XVII.

- 2 -

The Committee, therefore, on the recommendation of the Minister of National Defence, advise authority be granted for Canada to contribute to the NATO Common Infrastructure Programme for the years 1965 to 1969 (Slices XVI to XX) inclusive in a total amount not to exceed £12,500,000, and to pay these contributions on such basis as may be approved by the North Atlantic Council and will in the opinion of the Minister of National Defence satisfactorily reflect a ratio between the Canadian contributions and those of all parties to the North Atlantic Treaty of £12,500,000 to the agreed ceiling of £228,000,000 for Slices XVI to XX, to be charged to the annual appropriation of the Department of National Defence for Mutual Aid.

PRIVY COUNCIL

The Committee of the Privy Council have had before them a report dated 24th November, 1966, from the Minister of Veterans Affairs representing:

That subsection (1) of section 24 of the Veterans Land Regulations provides that the Director may not approve financial assistance on behalf of a veteran qualified as a small holder on an area of land containing less than one-half of an acre in area, but at the discretion of the Director such area may be reduced by one-half of one per cent and paragraph (a) of subsection (2) of the said section 24 permits an exception to be made in respect of a veteran in receipt of a disability pension of 50% or greater;

That pursuant to subsection (1) of sections 10 and 65 veteran Lorne John Ellery Wells was settled with effect the 1st of March, 1964, on a part-time farm property containing .593 of an acre in area located in the City of Port Coquitlam, British Columbia;

That veteran Lorne John Ellery Wells is in receipt of a disability pension of 15% for ulcers and/or a nervous condition and in addition, he has been involved in an industrial accident and an automobile accident as a result of which he has been unable to work due to neck and back injuries and it is also understood that prior to these accidents he was partially disabled because of a spinal fusion;

That veteran Lorne John Ellery Wells finds it impossible to drive his car at all times due to numbness in his arms and legs requiring him to use public transportation facilities that are not available to the aforesaid property;

That veteran Lorne John Ellery Wells while now unemployed hopes to be employed in the future and requests that The Director, The Veterans' Land Act sell the aforesaid property and reinvest the proceeds of sale in the purchase of a city-sized lot located in the New Westminster area of the Province of British Columbia, which would have public transportation available;

- 2 -

That section 11 of the Veterans' Land Act prescribes that the Director may, with the consent of the veteran, sell the property being purchased under agreement and reinvest the proceeds of any such sale in the purchase of another property; and

That if the entire disabilities of Lorne John Ellery Wells were attributable to his War service and as a result thereof he were in receipt of a pension of 50% or greater, he could be settled on the said reduced area pursuant to paragraph (a) of subsection (2) of section 24 of the Veterans Land Regulations.

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, advise that Your Excellency may be pleased to approve the establishment of veteran Lorne John Ellery Wells on a city-sized lot located in the New Westminster area of British Columbia, notwithstanding that it contains less than the prescribed minimum area of one-half of an acre.

The Committee of the Privy Council have had
before them a report dated 30th November, 1966, from the
Minister of Veterans Affairs representing:

That section 23 of the Veterans' Land Act authorizes
the Director, with the approval of the Governor in Council
to sell any property that cannot or ought not to be sold to
a veteran as to price or terms on such terms and conditions
as the Governor in Council may approve;

That with effect the 1st of November, 1958, the
Director, the Veterans' Land Act agreed to sell to qualified
veteran Yves Duclouxau who agreed to purchase pursuant to
subsection (1) of sections 10 and 63 of the Act, a 2.03 acre
property described as Block 26 Plan NO 3702 in the townsite
of Meadow Lake in the Province of Saskatchewan;

That pursuant to subsection (1) of section 10 of
the Veterans' Land Act, the Director disbursed the amount of
\$229.50 for the purchase of one rotary tiller and one power
lawn mower;

That in July 1966, the Meadow Lake Union Hospital,
which is authorized to expropriate, negotiated with the said
veteran Duclouxau for purchase of the property;

That the Department of Justice has expressed the
opinion that where a veteran's property is expropriated or
sold to public body otherwise authorized to expropriate, the
only debt owing to the Director is the outstanding indebted-
ness by virtue of the frustration of the principal contract
and that the doctrine of frustration extends to the supple-
mentary agreement which covers the purchase of livestock and
farm equipment, but that chattels, title to which remains in
the Director may be returned to the Director for other
disposition;

- 2 -

That the chattels purchased for veteran Yves Ducluseau were considered, due to their age and condition, to have a value of approximately \$25.00 as of the date of the sale to the Meadow Lake Union Hospital and it is deemed advisable to sell the chattels to the veteran at their market value as of the date of the sale; and

That the cost to the Director of the said chattels is \$229.50.

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, pursuant to section 23 of the Veterans' Land Act, advise that Your Excellency may be pleased to approve the sale to veteran Yves Ducluseau for an amount of \$25.00 the chattels purchased on his behalf which may be identified as one rotary tiller and one power lawn mower.

PRIVY COUNCIL

The Committee of the Privy Council have had
before them a report dated 9th December, 1966, from the
Minister of Veterans Affairs submitting:

That subsection (1) of section 24 of the Veterans
Land Regulations provides that the Director may not approve
financial assistance on behalf of a veteran qualified as a
small holder on an area of land containing less than one-
half of an acre in area, but at the discretion of the
Director such area may be reduced by one-half of one per cent
and paragraph (a) of subsection (2) of the said section 24
permits an exception to be made in respect of a veteran in
receipt of a disability pension of 50% or greater;

That veteran Redmond Joseph McDonald is not in
receipt of a pension but is considered to be disabled to the
extent of about 60% by reason of complete deafness left and
preceptive deafness right;

That veteran Redmond Joseph McDonald requests that
the Director, The Veterans' Land Act, provide financial
assistance to assist in the purchase of a property in the
City of Dartmouth, Nova Scotia containing an area of approxi-
mately 7,650 square feet which is less than one-half of an
acre; and

That if Redmond Joseph McDonald were disabled as
a result of his War Service and as a result thereof in
receipt of a pension of 50% or greater, he could be settled
on the said reduced area pursuant to paragraph (a) of sub-
section (2) of section 24 of the Veterans Land Regulations.

.....2

- 2 -

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, advise that Your Excellency may be pleased to approve the establishment of veteran Redmond Joseph McDonald on a property with an area of approximately 7,650 square feet located in the City of Dartmouth, Nova Scotia, notwithstanding that it contains less than the prescribed minimum area of one-half of an acre.

The Committee of the Privy Council have had
before them a report dated 9th December, 1966, from the
Minister of Veterans Affairs representing:

That subsection (1) of section 24 of the Veterans
Land Regulations provides that the Director may not approve
financial assistance on behalf of a veteran qualified as a
small holder on an area of land containing less than one-
half an acre in area but at the discretion of the Director
such area may be reduced by one-half of one percent and
paragraph (a) of subsection (2) of the said section 24
permits an exception to be made in respect of a veteran in
receipt of a disability pension in excess of 50%;

That veteran Arthur James Parker in June, 1966,
requested that the Director acquire a property described as
part of Lot 15, Concession 3, Township of North Gwillimbury,
County of York, Province of Ontario, for his establishment
under Parts I and III of the Veterans' Land Act;

That since the property was irregular in shape a
survey was necessary to establish whether or not it contained
the one-half acre and as a result, on July 15 in accepting
the vendor's offer provision of a survey to establish the area
was made a condition;

That notwithstanding the requirement of a survey
the purchase price of \$11,000 was paid in exchange for title
to the property without having first obtained the survey to
establish the area;

That subsequently the survey disclosed this irregular
shaped parcel of land contained approximately 21,000 square feet
in area which is approximately 60 square feet less than the
minimum the Director may acquire within his discretion; and

- 2 -

That it is deemed advisable to sell the property to the veteran pursuant to subsection (1) of sections 10 and 65 notwithstanding that it contains slightly less than one-half acre in area on the basis that an administrative error was made in overlooking the requirement of a survey prior to purchase of the property and that those circumstances are in no way attributable to the veteran or the vendor.

The Committee, therefore, on the recommendation of the Minister of Veterans Affairs, advise that Your Excellency may be pleased to approve the establishment of veteran Arthur James Barker on a part of Lot 15, Concession 3, Township of North Gwillimbury, County of York, Province of Ontario, containing approximately 21,000 square feet in area which is less than the prescribed minimum area of one-half of an acre.

That veteran William Seed Edmondson is disabled to the extent of 66% due to coronary artery disease with angina pectoris and G.S.V. of the upper lip and maxilla with loss of teeth but he is in receipt of a disability pension at the rate of 16% as a result thereof;

\$313.00 Tax

\$219.07 Penalty

This firm dealing in lumber was assessed \$5,237.81 representing tax applicable to sales of dressed lumber manufactured for them by outside manufacturers. Due to a misunderstanding the firm operated as a small manufacturer, unaware that for sales tax purposes they were deemed to be manufacturers. The Department allowed them to operate as such due to a misinterpretation of a report submitted by the firm. The portion of the assessment relative to the period they operated under license has been paid but the firm has requested that the balance of the assessment and penalty be waived. In view of the circumstances, and as there was no intention of evading tax liability, remission of tax amounting to \$313.00 tax and penalty of \$219.07 is recommended.

Collier Bros.,
St. Albans, Nfld.

\$231.96 Tax

\$77.08 Penalty

This firm deals in rough and dressed lumber. An audit conducted in July 1964 established an assessment of \$231.96. This assessment resulted from a misunderstanding of their tax liability effective June 14, 1963 wherein they were required to account for sales tax on the sale price of finished lumber. Current tax has been paid despite the financial loss sustained in their manufacturing operations. They have been unable to collect the tax established by the audit and request that the assessment be waived. In view of the circumstances and the fact that to press for payment would inflict further hardship, remission of \$231.96 tax and \$77.08 penalty is recommended.

Mr. Hans Olsen,
Roblin, Manitoba.

\$1,692.82 Tax

\$284.17 Penalty

For the period October 1, 1963 to July 31, 1965, this manufacturer of lumber has been assessed \$1,692.82 which represents tax directly attributable to deductions taken for delivery in his own vehicles. Since early 1965, he has been delivering substantial quantities of lumber by common carrier and the common carrier's charges are not out of line with those that he had been taking previously. There has been no loss of revenue through Mr. Olsen's method of operations.

In view of the circumstances, it is recommended that remission be granted for tax of \$1,692.82 and the applicable penalty of \$284.17.

Parquet Flooring Co. Ltd.,
Hamilton, Ontario.

\$5,747.79 Tax

\$93.44 Penalty

An audit of this company's books established arrears of \$5,747.79 representing tax underpaid due to the continued use of the 36% discount. The company paid the arrears but objected to the assessment on the grounds that they were misinformed, and did not receive correct interpretation until January 25, 1965. The President made representation to the Department, which resulted in recommendation being made, to credit the company in the amount of the audit assessment and penalty in full. In view of the circumstances remission is considered justified.

Pilon Ltee.,
Hull, Quebec.

\$8,071.23 Tax

\$4,496.97 Penalty

For the period January 1, 1963 to November 30, 1965 this licensee has been assessed \$30,571.23 sales tax. The assessment on the manufacturing operation amounted to \$3,342.72 and resulted from the failure to account for tax on transfers of building materials purchased sales tax exempt under certificate of further manufacture to their unlicensed wholesale-retail division. The assessment on the wholesaling operation amounted to \$27,228.51. This resulted from a mix-up in regard to the application of a blanket discount. The company stated that they had been misinformed and had calculated their sales tax as included after deducting the blanket discount from their sale price. The sales tax should have been calculated as extra at the full rate on that amount. After discussion of the assessment with the licensee's representatives it was agreed to accept \$22,500.00 as payment in full of the licensee's account. The licensee paid this amount promptly.

In view of the circumstances, it is recommended that remission be granted for tax of \$8,071.23 and the applicable penalty of \$4,496.97.

Rogerson Lumber Company Ltd.,
Port Loring, Ontario.

\$582.74 Tax

\$213.14 Penalty

An audit of this company's books established arrears of \$882.74, largely representing transportation charges shown separately on the licensee's sales invoices on which sales tax had not been accounted for. As the licensee used his own trucks for delivery and no published price F.O.B. the place of manufacture existed, the deduction of this delivery charge was not allowed under Section 27(3) of the Circular ET 1. The licensee protested the assessment on the grounds that he understood other lumber manufacturers were deducting larger

amounts under the same circumstances and he was not aware that such deductions for delivery were not allowable. Sum of \$300.00 tendered in full settlement. In view of the circumstances and the nature of the assessment it is recommended that a remission of \$582.74 tax and \$213.14 penalty be granted.

Society for Crippled Children and Adults of Manitoba,
Winnipeg, Manitoba. \$919.88 Tax \$172.21 Penalty

An audit established arrears of \$1,309.91 of which \$919.88 includes sales tax payable on sales of souvenirs assembled by handicapped individuals for the Society. Tax was paid on materials when purchased assuming that no further tax applied even though the end product was manufactured by the Society. Allowance was made for tax paid on materials at the time of purchase and the assessment represents the difference between the tax already paid and the amount properly payable on the selling price. An amount of \$390.03 was paid and in view of the fact that this is a charitable organization and that it would be impossible for the Society to recover the sales tax because all sales were made to individuals, tourists and conventions, remission of the amounts indicated is recommended.

\$25,490.26 Tax

\$6,327.57 penalty

The liability of this firm to account for sales tax on its sales of fruit juices depends directly on the ability of the taxpayer to substantiate its claim that its products qualify for exemption as being "fruit juices consisting of at least eighty-five percent of the pure juice of the fruit and concentrates thereof". This small, innocuous company endeavored over a long period and at considerable expense to maintain this claim to exemption but in April 1966, abandoned its point and confessed judgment in an Exchequer Court action involving this Department's suit for tax of \$16,566.35. The firm had neither charged nor paid tax on current sales while the action was pending. For a period ending December 31, 1965, there is owing sales tax of \$30,490.26 to which there applies penalty of \$6,327.57.

The debtor company is clearly in bankrupt condition and legal proceedings could not result in any appreciable recovery. The continued operation of the firm will depend on its ability to maintain or increase its sales volume despite increased sale price, caused by addition of the sales tax. Success is most doubtful.

Breuverges Radisson Ltee., has undertaken to pay promptly the sales tax on its sales from September 1966. There is outstanding at this time the tax for the period January to August, 1966, amounting to \$3,966.25. Arrangement is being made for payment of this amount by instalments, but even that is dependent on the company staying in business.

As regards arrears to December 31, 1965, the virtual owner of the company, admits that the existence of this large debt seriously hampers his relationship with his bank and numerous other creditors and he has sought to correct the situation. The only solution he could suggest has been that he borrow \$5,000.00, on a personal note, to be tendered as in full of the tax and penalty of \$30,490.26 and \$6,327.57.

This Department considers that the arrears would not be collectible, because of the financial condition of the firm, that the circumstances giving rise to the debt are both unusual and doubtful and that the amount offered could not be obtained otherwise. The proposal has been made with the understanding that the borrowed \$5,000.00 received by the Department, will be returned to the lender should remission not be granted of the remainder of tax to December 31, 1965, and the accumulated penalty.

It seems logical to retain the \$5,000.00, allowing the firm to remain in operation.

That pursuant to the Regulations respecting Trading

the regulations;

That, after meeting the said expenses incurred in
the administration of the regulations and certain other

That the building in question is surplus to Railway requirements, being rather old and very difficult to move, and in the event that it was sold for removal, it would in all probability have to be dismantled and would have little salvage value;

That advertisements were placed in Winnipeg and other Manitoba newspapers inviting public tenders for the sale of this holding but no bids were received;

That the Railways subsequently received an offer in the amount of \$500 for the land and building from The Pas Friendship Centre, a non-profit organization fostering better relationship between sectors of The Pas population and especially between white and Indian people; and
